Resume - Automated resume publishing

Small project made to play with [GitHub Actions](#).

On push, converts the Markdown files at the root into PDF & HTML in the *docs* directory which content is then served by [GitHub Pages](#).

The result is available at [amadisbravard.fr](#).

Made with

- [Node.js](#)
- [simonhaenisch/md-to-pdf](#)
- [sindresorhus/github-markdown-css](#)
